REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance.

Regarding Claim(s) 13, the prior art does not teach all of the limitations of the claimed invention including adhering the polyimide coating layer of the membrane to the jetting fluid barriers, separating the second reinforcing ring and the third substrate of silicon wafer, from the nozzle plate; and adhering the adhesive polymer coating layer of the membrane to the driving fluid barriers.

Regarding Claim(s) 19, the prior art does not teach all of the limitations of the claimed invention including forming a first reinforcing element on the first substrate, and forming the jetting fluid chambers between corresponding adjacent pairs of the jetting fluid barriers.

Regarding Claim(s) 21, the prior art does not teach all of the limitations of the claimed invention including forming a first reinforcing element on the first substrate, forming a second reinforcing element on the adhesive polyimide coating layer, separating the polyimide coating layer from the second substrate after forming the second reinforcing element, and adhering the nozzle part with the silicon wafer to the membrane.

Regarding Claim(s) 23, the prior art does not teach all of the limitations of the claimed invention including forming driving fluid chambers between corresponding pairs of the driving fluid barriers with the electrodes and the heat elements forming bottom sides of the corresponding driving fluid chambers and separated from the corresponding jetting fluid chambers by the membrane, each of the bottom sides being between the corresponding pair of the driving fluid barriers.

Art Unit: 3729

Regarding Claim(s) 27, the prior art does not teach all of the limitations of the claimed invention including removing first, second, and third substrates from the corresponding formed nozzle part, membrane, and heat driving part, and then adhering the nozzle part to the membrane, and the membrane to the heat driving part.

Accordingly, Claims 13-16, 19, 21, 23, 24, 27, 30 and 42 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
